

Corporate governance

CellaVision is a Swedish public limited liability company with its registered office in Lund. Apart from the parent company, the Group consists of four wholly-owned subsidiaries in Sweden, the USA, Canada and Japan, as well as offices for local market support in the USA, Canada, Brazil, China, Japan, South Korea, Australia, Sweden, United Arab Emirates, France, Germany, the United Kingdom, Mexico, India, Thailand, Spain and Italy. The company's share is listed on Nasdaq Stockholm. CellaVision applies the Swedish Code of Corporate Governance (the Code) since its shares were admitted to trading in 2010 and reports no deviations from the Code for 2018.

The term corporate governance normally refers to the rules and structure built up to govern and direct a limited liability company in an effective and controlled manner. Governance and control of CellaVision is divided between the shareholders at the Annual General Meeting, the Board of Directors and the President/CEO, and is regulated in legislation (including the Companies Act), the Articles of Association, the Nasdaq Stockholm rule book for issuers and the Swedish Code of Corporate Governance. The code is available at www.bolagsstyrning.se.

In addition to legal control and governance principles, CellaVision is also influenced by several internal policy documents, including instructions and rules of procedure for the President/CEO and Board of Directors, as well as internal policies and guidelines.

Shareholders

The share capital on December 31, 2018 was SEK 3,577,732, distributed among 23,851,547 shares. Each share entitles the holder to one vote and each person entitled to vote at a general meeting of shareholders may vote for the full number of shares owned and represented by her or him without limit to the voting right. All shares confer an equal right to share in the company's assets and

profits. CellaVision had 7,412 (8,558) shareholders on the closing date. Of these, one shareholder has direct and indirect holdings constituting more than ten percent of the votes and capital: William Demant Invest A/S. No shares are held by the company itself. For further information about the CellaVision share and shareholders please refer to page 22 and CellaVision's website.

Articles of Association

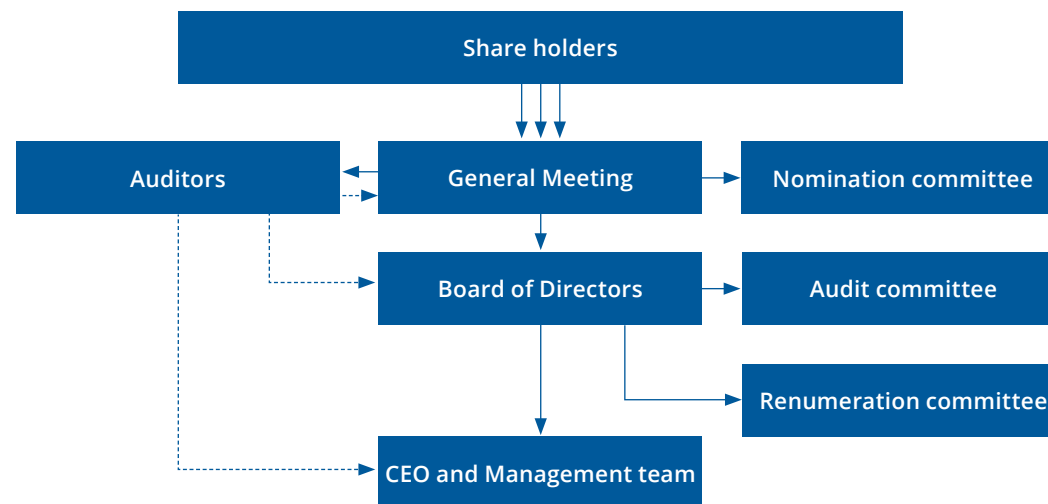

The Articles of Association of CellaVision stipulate that the company shall develop, market and sell products and systems for automated digital microscopy, specializing in software applications for the medical market. The registered office of the company is in Lund and the company's financial year is a calendar year. In other respects the Articles of Association contains provisions concerning the number of shares, number of board members and auditor and the Annual General Meeting. The Articles of Association contain no separate provisions concerning the appointment

or removal of Members of the Board or concerning amendments to the Articles of Association. The complete Articles of Association can be downloaded from www.cellavision.se.

General Meeting of Shareholders

Shareholders exercise their influence over CellaVision at the General Meeting of Shareholders, which is the highest decision-making body in CellaVision. The General Meeting is called at least once a year and among other things passes resolutions on the treatment of the company's and Group's balance sheet and income statement including the appropriation of the company's profits, discharge from liability of the Board of Directors and President/CEO, election of the Board of Directors and auditor, fees to the Board of Directors and auditor and appointment of the Nomination Committee. Amendments to the Articles of Association require a resolution by the General Meeting of Shareholders. To participate in the General Meeting the shareholder must be

Overall governance structure for CellaVision

entered under his or her own name in the register of shareholders at least five business days before the Meeting and notify the intention to attend to the company at the latest on the date specified in the notice to attend. The shareholder must attend the Meeting, in person or via a representative.

The Annual General Meeting is held in Lund during the first half of every year. In connection with the third quarterly report CellaVision's shareholders are informed of the time and place of the Annual General Meeting and of their right to bring a matter before the Meeting. A notice to attend the Annual General Meeting is published no earlier than six and no later than four weeks before the Meeting. An extraordinary general meeting may be held if the Board of Directors considers it necessary or if the company's auditors or shareholders holding at least 10 percent of the shares so requests.

Annual General Meeting 2018

CellaVision's Annual General Meeting was held on Wednesday, May 4, 2018 at CellaVision's address, Mobilvägen 12 in Lund. The Meeting was attended by 39 (44) shareholders, in person or through representatives. They represented about 48.29 (31.5) percent of the total votes. The Board of Directors, Nomination Committee and auditor of the company were present at the Meeting. Essentially, the following resolutions were passed:

- The parent company and consolidated income statements and balance sheets were adopted. It was further resolved that a dividend of SEK 1.50 per share would be distributed for the 2017 financial year.
- Discharge from liability of the members of the Board of Directors and the President.
- Re-election of Christer Fåhraeus, Åsa Hedin, Torbjörn Kronander, Anna Malm Bernsten, Sören Mellstig and Niklas Prager as Board Members and election of Jürgen Riedl and Stefan Wolf as Board Members. Sören Mellstig was re-elected as Chair of the Board. Re-election of Deloitte AB as auditor.
- Fee to the Board of Directors, presented in the table on page 40 and in Note 15 of the annual report.

- Guidelines for remuneration to senior management. A resolution was also passed concerning an incentive program for the company management.
- Principles for the Nomination Committee.
- A dividend policy was adopted.

The minutes of the Annual General Meeting were presented on the website within a week of the Meeting. Material from the Meeting, such as the notice to attend, the minutes and information on the Nomination Committee is available to read on CellaVision's website. The full resolutions of the Meeting as above are available from the Company at the address Mobilvägen 12 in Lund and will be sent to any shareholder who so requests.

Nomination Committee

The main task of the Nomination Committee is to propose to the Annual General Meeting the composition of the Board of Directors, which is then decided by the Annual General Meeting. The work of the Nomination Committee starts by studying the evaluation of the work of the Board of Directors commissioned by the Board of Directors. The work of the Nomination Committee is characterized by transparency and discussion to achieve a well-balanced Board. The Nomination Committee then nominates members to the Board for the next term of office and submits proposals for remuneration to the Board of Directors and auditors and, where applicable, also for election of auditor.

Nomination Committee for the 2019 Annual General Meeting

In accordance with a resolution of the 2018 Annual General Meeting, CellaVision's Nomination Committee ahead of the 2019 Annual General Meeting shall consist of one representative of each of the four largest shareholders in terms of voting rights at the end of September 2018. The Chair of the Board convenes the first meeting of the Nomination Committee and is co-opted to the meetings of the Nomination Committee. The composition of the Nomination Committee was announced on October 23 in connection with the interim report for January-September 2018. The members of the Nomination Committee and the shareholders who appointed them is presented in the table below. The chair

Namn/Representerade	Voting share (31/12 2018)
Sören Mellstig, in capacity of Board Chair.	
William Demant Invest A/S	11.8 %
Christer Fåhraeus, Christer Fåhraeus inc. comp.	9.7 %
Bo Lundgren, Swedbank Robur Fonder	8.8 %
Joel Eklund, Fosielund Holding AB	4.2 %
Total	34.5 %

of the Nomination Committee ahead of the 2019 Annual General Meeting was Christer Fåhraeus.

In 2018 the Nomination Committee held four meetings, as well as a number of email and telephone contacts. The Nomination Committee proposals are presented, in addition to the press release, in the notice to attend the 2019 Annual General Meeting and are also available on the company's website together with an explanatory statement concerning the proposed Board of Directors.

Board of Directors

The Board of Directors and ultimately the President/CEO administers the affairs of the company on behalf of the shareholders. The Board of Directors appoints the President/CEO, who is responsible for the day-to-day management of the company. The division of duties and responsibilities between the Board of Directors and the President/CEO is clarified in the Board's Rules of Procedure and the Instructions to the President/CEO.

The Board of Directors is appointed by the shareholders at the Annual General Meeting with a term of office up to and including the next Annual General Meeting. The Board of Directors manages the company on behalf of the owners by establishing goals and strategy, evaluating the operative management and ensuring that there is an effective system for follow-up and control of the established goals. It is also the responsibility of the Board to ensure that the company's information provision is correct, relevant and reliable.

The Board of Directors forms a quorum when more than half of its members are present. Under CellaVision's Articles of Association the Board of Directors must consist of a minimum of three and a maximum of nine members with a maximum of two alternates. The Board holds an inaugural meeting directly after the Annual General Meeting.

Chair of the Board

CellaVision's Board of Directors has been chaired since 2016 by Sören Mellstig. The Chair of the Board is appointed by the Annual General Meeting. The Chair of the Board organizes and leads the work of the Board, ensures that the Board regularly develops its knowledge of the company, communicates shareholders' views to the Board and is a support to the President/CEO. The Chair of the Board and the President/CEO prepare proposed agendas for the Board meetings. It is the responsibility of the Chair of the Board to verify that the Board's decisions are effectively implemented and that the work of the Board is evaluated annually and that the Nomination Committee is informed of the results of this evaluation.

The Board's Rules of Procedure

The Board of Directors adopts rules of procedure for its work annually. The current rules of procedure were adopted on May 4, 2018. In addition to that, the Rules of Procedure are revised as necessary. The Rules of Procedure include a description of the responsibilities and duties of the Board, the duties of the Chair of the Board, audit issues and specify the reports and financial information that the Board must receive before each ordinary Board meeting.

Evaluation of the work of the Board

Under the leadership of the Chair, the Board conducts an annual evaluation of its work. The evaluation refers to forms of work and work climate, emphasis of the Board's work and access to and need for special competence in the Board. The evaluation is used as an aid for developing the work of the Board. In accordance with the Swedish Code of Corporate Governance, relevant parts of the results are made available to the Nomination Committee.

Composition of the Board of Directors in 2018

The Board of Directors consists of eight members with no alternates. At the 2018 Annual General Meeting Christer Fåhraeus, Åsa

Hedin, Torbjörn Kronander, Anna Malm Bernsten, Sören Mellstig and Niklas Prager were re-elected as Board Members. Apart from re-election of members, new members were elected; Jürgen Riedl and Stefan Wolf, by the 2018 Annual General Meeting. Sören Mellstig was re-elected as Chair of the Board. The members of the Board have great experience and competence in medicine and technology as well as business and international operations. The composition of the Board complies with the requirements of the Code regarding independent members. The information that is to be provided under point 10.2 of the Code concerning members of the Board can be found on page 44.

Work of the Board in 2018

In 2018 CellaVision's Board of Directors held a total of ten minuted meetings, two of which by telephone. Four of the meetings were held in connection with the approval of the year-end bulletin and the interim reports. On occasions when any member has been prevented from attending the Chair of the Board has obtained views concerning the decision in advance. Important questions during the year included strategy, market assessments and material risks.

The company's President/CEO and CFO participate regularly in the Board meetings. Other senior executives participate in the Board meetings as necessary. The company's auditor participated in the February Board meeting, when the year-end bulletin was approved.

Audit Committee

Risks concerning CellaVision's financial reporting are monitored and evaluated by the Board's Audit Committee, whose main task is to support the Board in quality assurance of the financial reporting. The Audit Committee has no decision-making authority, it prepares and reports matters to the Board as a whole.

The Audit Committee consists of three members who are all independent in relation to the company and its management as well as being independent in relation to the company's major shareholders: Sören Mellstig, Anna Malm Bernsten and Niklas

* Roger Johanson was a Board member until the Annual General Meeting on May 4, 2018. ** Jürgen Riedl and Stefan Wolf were elected Board Members on the AGM on May 4, 2018. A more detailed presentation of Board members can be found on page 44 and on the company's website www.cellavision.se

Prager, where Niklas Prager chairs the Committee. During the year the Committee met two times. Questions dealt with are mainly internal control in the subsidiaries, risks, audit planning and governance and follow-up of operations. The company's auditor and CFO participate regularly at the Audit Committee meetings.

Remuneration Committee

The Board of Directors also has a Remuneration Committee, whose main task is to propose principles for remuneration and other conditions of employment for the President/CEO and other senior management in the Group. Ahead of each Annual General Meeting the Committee submits its proposals, in accordance with Chapter 8, Section 51 of the Swedish Companies Act.

In 2018 the Remuneration Committee consisted of members of the Board Sören Mellstig, Torbjörn Kronander and Åsa Hedin, who are all independent of the company and the company management. Sören Mellstig chairs the Committee. During the year the Committee held two minuted meetings, and conducted several telephone and email contacts. In addition to guidelines and principles of remuneration to the President/CEO and other senior management during the year the Committee discussed the company's incentive program for the President/CEO, management and other staff.

President/CEO and Executive Group Management

The President/CEO is appointed by and receives instructions from the Board of Directors. CellaVision's President and Chief Executive Officer in 2018, Zlatko Rihter, was responsible for the day-to-day management of the company as well as strategic and operative issues, in accordance with the Board's guidelines and directions. The current Instruction to the President/CEO was adopted by the Board on May 4, 2018. The President/CEO prepares information and decision-making data for the Board meetings and is presenter at the meetings. The Board of Directors continuously evaluates the work of the President/CEO through monitoring against goals set. Once a year a formal evaluation is made, which is discussed with the President/CEO.

Composition of the management in 2018

The President/CEO has appointed a management team to be responsible for various parts of CellaVision's business. In 2018 the Executive Group Management consisted of eight people besides the President/CEO:

- Chief Financial Officer (CFO)
- VP Supply & Sourcing
- VP Quality
- VP Business Development
- VP Human Resources & Corporate Communications
- VP Global Sales

- VP Global Marketing
- VP Innovation & Engineering

All the members of the Executive Group Management were at the company's head office in Lund, Sweden. The Executive Group Management holds minuted meetings at which operative issues are discussed. The Executive Group Management draws up a business plan annually, which is adopted by the Board. A more detailed presentation of the President/CEO and the management team can be found on pages 45. The information on the President/CEO stipulated in item 10.2 of the Code can also be found there.

Auditor

The administration of the Board of Directors and the President/CEO and financial reporting is examined by the external auditor elected by the Annual General Meeting. The auditor is proposed by the Nomination Committee and elected by the Meeting for one year. At the 2018 Annual General Meeting Deloitte was re-elected as auditor up to and including the 2019 Annual General Meeting.

The auditor in charge is authorized public accountant Maria Ekelund. The task of the auditor is to audit CellaVision's annual accounts, accounting records and the administration by the Board of Directors and President/CEO on behalf of the shareholders. Besides the annual audit, the auditor reviews at least one interim report per year. Remuneration to the auditor is payable in accordance with the approved invoice. For amounts please see Note 16.

Remuneration

Salaries, remuneration and other benefits to the Board of Directors, President/CEO and other senior management are reported in Note 15 in the annual report. Remuneration to the Board of Directors can also be followed in the table on page 40.

Guidelines for remuneration to senior management in 2018

The 2018 Annual General Meeting resolved to approve the Board's proposed guidelines for remuneration to senior management of CellaVision AB as follows: The company is to offer commercially based total remuneration that enables the recruitment and retention of senior management. The remuneration to company management is to consist of fixed salary, benefits in kind, variable remuneration and pension. Fixed salary plus variable salary together constitute the individual's target salary.

The fixed salary is to take account of the individual's areas of responsibility and experience and be reviewed annually. The distribution between the fixed salary and variable remuneration must be in proportion to the responsibility and authority of the person holding the position. The variable remuneration must always be subject to predetermined limits and be linked to predetermined and measurable performance criteria. The variable

remuneration to the President/CEO must be based on individual targets established by the Board. These targets shall be linked to the company's overall targets including earnings, sales and/or cash flow. For other senior management variable remuneration is to be based on equivalent targets and targets within their own area of responsibility.

Pension conditions must be commercial in relation to market conditions applicable to others holding equivalent positions and must be based on defined contribution plan solutions. The retirement age is to be 65 years. Severance pay for a member of the management can be payable in an amount equivalent to a maximum of 12 months' salary. The total of the fixed salary during the period of notice and severance pay may not exceed an amount equivalent to two years' fixed salary for the member of management. No separate board fee is payable to a member of management holding a position as member or alternate in a group company board of directors.

The Board of Directors may deviate from these guidelines if there are special grounds for this in an individual case.

Long-term incentive program for senior management

The Annual General Meeting held on May 4, 2018, adopted the Board's proposed incentive program for the company's senior management in 2018/2020. The outcome of the program is dependent on the company's earnings and sales growth as well as the annual average growth of the company's profit per share. The maximum remuneration is payable if the annual average growth of the company's profit per share in the period January 1, 2018 – December 31, 2020 is at least 15 percent annually. For maximum outcome the company's costs for the incentive program are estimated to be SEK 2.9 million (excluding social security contributions), based on participation of nine members of senior management in the incentive program. To share in the outcome from the incentive program the member of senior management must be employed by the company on December 31, 2020. The cost is accrued over three years, corresponding to the duration of the program and any payment will be made in 2021.

The resolution means that the company, provided profitability and sales targets set by the Board at the start of 2018 have been achieved, will set aside 3 monthly salaries for the CEO, 2 monthly salaries for the VP Global Sales and 1.5 monthly salaries for other senior management participating in the incentive program in 2018.

Moreover, the company has a program from 2017 that continues to run, which is presented in the annual report for 2017. The program will close on December 31, 2019 and any payment will be made in 2020. For maximum outcome the company's costs for the program are estimated to be SEK 2.6 million (excluding social security contributions), based on participation of eight members of senior management in the program.

Staff incentive scheme

The Board approved an incentive program for staff in 2018 that ran from January 1, 2018 to December 31, 2018. Eligible staff were those who were not senior management and who consequently were not eligible for the incentive scheme for senior management resolved by the 2018 Annual General Meeting.

The decision meant that the employee will receive 0.5 of a monthly salary in the case of maximum outcome. The size of the share depended on the company's performance and sales in 2018. To participate in the incentive program the employee had to have been employed for at least six months in 2018 and be employed on December 31, 2018. The program for 2018 achieved the profitability and sales targets set up to 83.1 percent and therefore the cost to the company for the outcome of the bonus program to staff was SEK 2.2 million.

Proposed guidelines for remuneration to senior management in 2019

The Board of Directors proposes the following guidelines for remuneration to senior management in 2019, as in last year's proposal: "The company is to offer commercially based total remuneration that enables the recruitment and retention of senior management. The remuneration to company management is to

consist of fixed salary, benefits in kind, variable remuneration and pension. Fixed salary plus variable salary together constitute the individual's target salary.

The fixed salary is to take account of the individual's areas of responsibility and experience and be reviewed annually. The distribution between the fixed salary and variable remuneration must be in proportion to the responsibility and authority of the person holding the position. The variable remuneration must always be subject to predetermined limits and be linked to predetermined and measurable performance criteria. The variable remuneration to the President/CEO must be based on individual targets established by the Board. These targets shall be linked to the company's overall targets including earnings, sales and/or cash flow. For other senior management variable remuneration is to be based on equivalent targets and targets within their own area of responsibility.

Pension conditions must be commercial in relation to market conditions applicable to others holding equivalent positions and must be based on defined contribution plan solutions. The retirement age is to be 65 years.

Severance pay for a member of the management can be payable in an amount equivalent to a maximum of 12 months' salary. The total of the fixed salary during the period of notice and severance pay may not exceed an amount equivalent to two years' fixed salary for the member of management. No separate board fee is payable to a member of management holding a position as member or alternate in a group company board of directors.

The Board of Directors may deviate from these guidelines if there are special grounds for this in an individual case."

The Board's report on internal controls and risk management referring to financial reporting

This report on internal control referring to financial reporting is submitted by the Board of CellaVision and has been drawn up in accordance with the Swedish Code of Corporate Governance.

Background

Under the Companies Act and the Swedish Code of Corporate Governance the Board is responsible for internal control.

Control environment

The basis of internal control is the overall control environment. A good control environment builds on an organization with clear decision lines where responsibility and authority is clearly defined. In CellaVision there are policies, guidelines and process descriptions for the different parts of the business flow from transaction management to bookkeeping and preparing external reports.

In the company's financial and accounting manual, Administrative Guidelines, which is updated annually, these process descriptions are presented in all essentials.

Risk assessment

The Board and Audit Committee are responsible for identifying and managing all material financial risks and risks of misstatements in the external reporting. The Audit Committee evaluates the risk management requirements annually and draws up written principles both for overall risk management and for specific areas, such as currency risk, interest rate risk, credit risk and investment of surplus liquidity. These principles are then adopted by the Board.

Control activities

The main purpose of control activities is to prevent and discover errors as soon as possible in order to rectify any deficiencies. Procedures and activities have been designed to discover and deal with the most material risks related to financial reporting. Group companies are followed up by the CEO and CFO through regular reports and personal meetings with the management of the respective subsidiary. The Board receives monthly reports in which the CEO and CFO give an account of the past period regarding the Group's and each respective business area's results and financial position. The work on monthly closings and annual accounts is well-defined and reporting is in accordance with standardized reporting templates including comments regarding

all material income and balance sheet items. There are CFOs and controllers with functional responsibility for accounting, reporting and analysis at both parent company and subsidiaries. In this way the company's financial reports are checked several times, which reduces the risk of error.

At present neither the size of the company nor its risk exposure warrant a separate internal audit function. The Board assesses that with the procedures in place for follow-up and control there is currently no necessity for this.

Information and communication

CellaVision's procedures and systems for provision of information are aimed at supplying the market with relevant, reliable, correct and current information about the company's development and financial position. The Board has adopted an information policy that specifies what is to be communicated, by whom and in what way the information is to be published, to ensure that external information is correct and complete. Financial information is published regularly in the form of interim reports, annual report and press releases on price-sensitive news. The material is published in Swedish and English on the company's website.

Follow-up

Compliance and effectiveness of internal controls are followed up regularly. The company's financial situation and strategy regarding its financial position is dealt with at each Board meeting, when the Board receives detailed monthly reports regarding the financial position and development of operations. Each interim report is analyzed by the Audit Committee, discussed with the CFO and then approved by the Board before publication.

Activities in 2018

CellaVision works constantly to minimize risks by removing superfluous manual steps from the company's processes.
